

The library collected over 570,000 books and 1,050,000 E-books. It is a powerful support for dissertation writing.

□

The National Central Library announced the latest academic influence rankings based on 1.35 million data collected and analyzed by the National Digital Library of Theses and Dissertations. CYUT is proud to receive awards in Number of Authorized Full Texts, Full-Text Authorization Rate, Most Downloaded, and Outstanding Contribution. The citation statistics of CYUT ranked the top for 11 consecutive years among private technological universities. It is a testament to its solid academic impact.

President Cheng Tao-Ming stressed that CYUT promotes digitalization and encourages full-text authorization to boost research visibility and quality. The award is a recognition of the academic value of postgraduate dissertations. The high citation rate demonstrated the research capability and competitiveness of CYUT, making it enter the World University Rankings of Times Higher Education for 6 straight years.

"The library resources provide powerful support for dissertation writing, just as important as professor guidance," said Chu Hung-Chi, the Chief Officer for Library and Information. The library collected over 570,000 books and 1,050,000 E-books to fulfill diverse research and learning needs. The platform 100 Professional Books Recommendation provides an easy way for students to deepen their knowledge. In the future, the school will continue strengthening the dissertation quality and sustaining the scholarly impact.
